DAIRY TRUCK UPSET—The operator of this overturned truck reportedly escaped serious injury Tuesday morning in a one vehicle accident on Route 26 near the residence of Stanley Walker, South Bethel. Michael D. Flies, age 18, of Norway, operating a truck loaded with milk from the Loust Farm Dairy, North Limington, and traveling westerly, reportedly found his right hand wheels off the pavement and was attempting to guide the vehicle back onto the paved surface when the accident occurred. According to the investigating officer, the extremely soft

condition of the road shoulder was a contributing factor to the driver's inability to control the vehicle. A crane from P. H. Chadbourne and Co. was used to right the vehicle and it was towed from the scene by the Bridge Street Gulf Wrecker. A unit from the Bethel Fire Department was also called as a precautionary measure and to clean up spilled gasoline. Investigating the 11:35 a. m. accident were State Trooper Savage, Bill Williams, Oxford County Deputy Sheriff, and Robert Stearns, Bethel Police Chief.

PAYMENTS TO RELATIVES MAY NOT QUALIFY FOR NEW CHILD CARE CREDIT, SAYS IRS

Payments for child care services made to relatives by working parents may not necessarily qualify for the new child care credit, J. J. Jennings, District Director of Internal Revenue Service for Maine has stated.

Available for 1976 income tax returns now being filed, the credit has been misunderstood by some working parents who believe it covers payments to all relatives for child care to allow the taxpayer to be gainfully employed.

Under the law, payments for child care expenses to relatives can qualify for the credit only if: (1) the relative cannot be claimed as a dependent; and (2) the relative works for the taxpayer and the service qualifies as employment subject to social security tax withholding.

Payments made to a parent of the taxpayer for child care may qualify for the credit only if the two conditions mentioned above are met and: (1) the taxpayer has a child in the home who is under age 15 or who is disabled and requires the personal care of an adult for at least four continuous weeks in the calendar quarter in which the credit is claimed; and (2) the taxpayer is widowed, divorced, or married to someone who is disabled and incapable of taking care of the child for at least four continuous weeks in the calendar quarter. The child must be cared for in the taxpayer's home.

Payments to a sister working for the taxpayer would qualify for the credit if the two conditions for relatives mentioned previously are met. However, if the sister operated a day-care nursery, payments for care would not qualify for the credit because the sister is self-employed. The service is not employment subject to social security tax withholding. On the other

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen will meet in regular session Monday night, March 28, at 7 p. m. in the Town Office. The key item on the agenda will be appointments to various Boards and Committees.

Appointments to be made include: seven members to the Community Safety and Law Enforcement Committee, four members to the Budget Committee, two members to the Recreation Board, two members to the Appeals Board, five members to the Airport Advisory Committee, and seven members to the Radio Study Committee. To make small town government effective, citizen willingness to volunteer to serve on these Boards and Committees is vitally important. We urge all interested in serving to indicate their interest by calling the Town Office or by contacting any member of the Board of Selectmen prior to Monday night, March 28.

The Board of Assessors held an organizational meeting Monday night, March 21, and acted on a variety of items. As a result of the recent municipal election in which Arlene Lyon was elected as Assessor and Leland Brown as Selectman, the Board felt assessment issues should be totally separated from issues discussed at Selectmen meetings and thus set regular assessors' meetings for the first Monday of every month. After discussion it was voted to set May 16 as the target date for completing 1977 assessment work. The various aspects of work to be undertaken were discussed and it was decided to set up a work schedule at the April 4 meeting.

The Assessors will be in session at the Town Office on Monday, April 4, from 10 a. m. to 5 p. m. to accept lists of estates. The following schedule for covering that time period was set: 10-11, Bradley Barker; 11-12, Bradley Barker and Stanley Howe; 12-2, Stanley Howe and Sam Timberlake; 2-3, Stanley Howe and Arlan Jodrey; and 3-5, Arlan Jodrey and Arlene Lyon. In other actions, the Board voted not to tax boats this year and directed the Town Manager to talk with Horace Gardiner about professional appraisers who might be available to assist the Assessors on new commercial property.

Residents are reminded that applications for planning property under the Tree Growth or Farm and Open Space program for 1977 must be submitted to the Assessors by April 1.

As a result of last week's flooding, road damage in Bethel amounted to approximately \$6000.

The following damage estimates were made: Paradise Road, \$500; Bruce, Bailey Road, \$1,000; Bill Hill Road, \$300; Kimball Hill Road, \$1,000; Swamp Road, \$200; Smith Road, \$1,000; and Grover Hill/County Road, \$2,000. The only road which remains impassable is the Grover Hill/County Road where the bridge over the East Branch of the Pleasant River was washed out. We anticipate that it will be about two weeks before repair work can be completed on the bridge.

Norman R. Ness Jr.

hand, if the sister operated the day-care center in partnership with an individual not related to the taxpayer, payments for child care would qualify because the payments are made to a partnership and not to a related person.

Generally, taxpayers who incur expenses for the care of children or disabled dependents in order to be gainfully employed can take a tax credit equal to 20% of their costs, up to a maximum credit of \$400 for one dependent and \$800 for two or more. Previously, taxpayers were entitled to a deduction rather than a credit.

For more detailed information on claiming the child care credit, taxpayers can use the order blank that came in their tax forms package to request a free copy of IRS Publication 503, "Child Care and Disabled Dependent Care." Or, taxpayers can order this publication by phone by calling the toll-free forms only number of 1-800-452-8700.

REGULAR MEETING OF M. S. A. D. #44 BOARD HELD MONDAY EVENING

The M. S. A. D. #44 board of directors held a regular meeting in the Library at Telstar Regional High School on Monday evening, March 21.

In the citizens' portion of the session, Mrs. Caroline Gould stated that the majority of S. A. D. #44 teachers supported a Telstar Educators Association resolution opposing the elimination of elementary supervisory principals and replacement by teaching principals. The resolution cites the following reasons: do not believe it is educationally sound; not in the best interests of the students; places teaching staff at a professional disadvantage; will not result in substantial financial savings. Fifty-three teachers approved the resolution, 14 opposed and five abstained. Mrs. Gould went on to say that although some might think it was late in the game for such a resolution, it was felt that the teachers' feelings on the subject should not go unnoticed. She mentioned that teachers had attended a board meeting last spring to voice opposition to the elimination of supervising principals and at that time the board was not disposed to eliminate them. Mrs. Gould said that obviously the teachers will cooperate with any reorganization plan the board chooses, because they have the best interests of the students at heart, and are not trying to sabotage the re-organization efforts.

Mrs. Margaret Davis said that she and Mrs. Margaret Cousins, while opposing the resolution, believed in its principle and oppose the elimination of supervising principals at the elementary level. She stated that since the re-organization plan has been adopted by the board, teachers should go along with it and be positive in its implementation. Mrs. Patricia Hudson, chairman, stated that the board would take the resolution under advisement.

The directors approved the following committee assignments for the ensuing year:

Personnel: Margaret Wight, Newry; Trudy Akers, Andover; Arnold Jordan and Harry Newry, Greenwood; Andrew Hinkley, Woodstock.

Extra Curricular: Paul Bodwell, Bethel; Gilbert Dunham, Greenwood; Sheryl Wilbur, Woodstock; Michael O'Donnell, Bethel; Mrs. Akers.

Transportation: Mr. Bodwell, Frances Gunther, Bethel; Charles Haegle, Newry; Darlene Hall, Andover; Mrs. Wilbur.

Curriculum: Mrs. Gunther; Gerald Schachter, Andover; Eva Twitcheil, Woodstock; Mrs. Wight; Mrs. Wilbur.

Building and Grounds: Mr. Bodwell, Mr. Hall, Mrs. Twitcheil; Mr. Schachter; Mr. Dunham.

Policy: Mr. Swan; Bettyann Hastings, Bethel; Mrs. Gunther; Mr. Hinkley; Mr. O'Donnell; Mrs. Wight.

The board approved the request of Jackson-Silver Post #68, to use the Telstar Field for their summer baseball program. The approval is subject to the following conditions: grounds must be clean and orderly after both practices and games; field must be limited to Legion practices and games only; supervision by a designated responsible person is required; use of fields other than the baseball field should be kept to a minimum; no motorized vehicles beyond the paved parking area.

The board approved Michael Gilbert as teaching principal at Crescent Park School for the 1977-78 school year. Mr. Gilbert is currently a teacher of grade 6 at the R. C. Foster School in Newry. Mrs. Nancy Davis, grade two teacher at the Ethel Bisbee School was approved as teaching principal of that school for the 1977-78 year. Approved as teaching principal at the Woodstock Elementary School for the 1977-78 year was Timothy Barker, a grade five teacher at the school.

The use of S. A. D. #44 buses to transport the fourth graders of the district to the Shrine Circus on April 16 in Lewiston was approved. Also approved was

LOSS INCURRED AS RESULT SUNDAY MORNING BREAK AT CLUKEY'S PHARMACY

Investigation continues into a break at Clukey's Pharmacy early Sunday morning. Reportedly various drugs and merchandise to the value of \$1,000 were taken.

According to police approximately 2,000 Valium tablets were taken from the prescription department, as well as two dozen watches and five long-playing recordings from the store counters. Miscellaneous kinds and quantities of drugs, packaged as filled prescriptions were also taken.

Entrance was gained by breaking two plate glass doors of the main entrance, and removal of the prescription room door. It is believed that the break occurred at about 5 a. m.

State Trooper Richard Donald and the Bethel Police are investigating the incident.

A week earlier an attempt was made by would-be thieves to gain entrance to the prescription room after they had smashed the lock in the outside door of the building to get in. At that time the intruders were thwarted by a reinforced door.

WINTER GIVES ENCORE —13 INCHES OF SNOW

Reluctant to give way to spring, winter paid a return visit to the Bethel area on Tuesday night and Wednesday of this week. A reported 13 inches of snow fell during the storm and continued intermittently on Wednesday. Highway travel during the storm was both difficult and hazardous. Dropping temperatures late Wednesday, continued the slippery conditions.

Because of the storm, there were no classes in S. A. D. #44 schools on Wednesday.

— Mrs. Colista Morgan, Corres. —

After the gray skies of so many days this week it was pure joy last night to look at the stars. Some times the stars and constellations are real companions on a country night. I watched them, no doubt in a mood more poetic than scientific, more in pure enjoyment than in a serious study. I could see them from my bedroom window. The heavens were alight from rim to rim. The air was still, the night silent. Yet the next morning held no sunshine and was crisp cool.

Living as we do in the country surrounded by woods, fields and streams; (and what streams this week!) we look out our windows, seeing continually things of interest. At times we note occurrences which we have never noticed before among the animals or the birds. I remember the hum of a squirrel against the cellar window fighting a phantom rival.

On this crisp morning there was once again a good crust so my sister and I left the house at seven-thirty to walk down to the swamp and get some pussy willows. We could not get them if it thawed; the reason for the early start.

There were echoing winds beneath the whispering pines and cool against our faces. When we came to the place where the sunsets nestled, we left the road to turn left to the field.

Far across the pond was that sign of spring; the pre-see of the red wing black bird. I'm sure he was waiting for me at the mouth of the Sanborn River.

Across the valley we could see the glory of the woodland spreading over the hills. We could hear, somewhat subdued from earlier in the week the rushing waterfall foaming over the rocky incline. It had been tamed some during the night but not quite into placidity. In still could bound away in a singing cascade.

By one of the camps an old elm had stood long against the winter winds. It had fought its last storm and was now on the ground in many pieces. Now there is an empty spot against the sky.

There were signs everywhere, of where the rains had charged down the valley on a million patter feet. They were troubled and noisy.

This was really my first walk of the week and it was a delight to tramp along, to breathe deeply the challenging, keen air and warm to the vigorous exercise.

The lifelessness of March is still with us but the calendar says spring is here this week so we ARE on the right road.

The main interest this week has been the various wash-outs in the roads. The worst at this end of town on Young Hill where the whole road, gravel and tar, came down the hill to cover the fields at the foot.

My sister, Annie Mills, and I were in West Sumner to visit our aunt Hattie Curtis and in East Sumner to visit our brother Fred Curtis and family on Wednesday. We also called on Mr. and Mrs. Carl Brooks in West Paris.

On Saturday, Doris Hayes and I attended the meeting of the Retired Teachers at Oxford Hills, South Paris.

The Pulsifers were at their cottage for the week end.

Several from here attended the services for Lauri Tamminen in Yarmouth on Monday.

Mr. and Mrs. Ralph Leeper, his son and family of Kingtown, R. I., were at their cottage here for the week end. On Saturday they entertained Mr. and Mrs. Frank Curtis and Annie Mills for supper.

On Sunday Annie Mills and I were in Poland to visit our brother, Ernest Curtis and wife. We also have called on our sisters Lucy Ridley and Bertha Nottage this week.

Mr. and Mrs. Leonas Holt were in Bethel on Sunday to visit their daughter, Ann Holt.

Del and Betty Hayes, Auburn, were at the Hayes Homestead on Saturday and Mr. and Mrs. Glenn Hayes and boys, Gray, were visitors on Sunday.

Gilead

— Mrs. Clifford O. Cole, Cor. —

Bernard Powers of Newry called at Clifford Cole's Thursday. The red winged blackbirds visited the bird feeder at Clifford Cole's Thursday morning.

We had several spring like days then winter weather came again. Several families in Gilead are tapping trees and making maple syrup.

On Tuesday, March 15, Mr. and Mrs. Clifford Cole attended a birthday party for their granddaughter, Melanie Cole, of Gilead, N. H. Mary and Katherine Tyler also attended the party.

Clifford Cole was surprised that night with a small surprise party in his honor. After the gifts were opened by both, cake and ice cream were served.

Gilead had an unusual visitor one day last week. While Clifford Cole was looking out his kitchen window he spotted a pileated woodpecker. It is very unusual for this bird to be seen so near a town. It stays to secluded wood areas.

She had as guests Kelly Jean Cronin, Stephanie Percival, Michele Bell, Jennifer Hutchins, Tracey Weston, Kim Jeanis, her grandmother, Mrs. Martha Cronin, and her mother, Mrs. Francis Cronin. They enjoyed hamburgers, French fries and a birthday cake.

Attending the Retired Teachers Association meeting on Saturday at Oxford Hills High School were Vivian Barlow, Laura Learned, Dot Campbell, Dot Greenlow, Anne Fox and Doris Howard.

The flower and greeter committees for the First Congregational Church during April have been announced. The first listed will furnish flowers and greet with the others. For April 3, Gertrude and Warren Percival, Colleen and Charles Jaros and family; April 10, Marie Lang and Arvilla Feeney; April 17, Doris and Willard Howard; April 24, Joyce and Frank Morgan and family.

Mrs. Robert B. Swain and a friend, Mrs. Robert Remsen, Bryant Pond, were week end guests of Mrs. Thomas Crohan, in Warwick, R. I. On Saturday they attended a wedding in Barrington, R. I. A spring blizzard on Friday of snow, sleet and rain made the trip from Portsmouth, N. H. to Providence, R. I., very hazardous.

A cousin of Mrs. Swain from Winslow on his way to the wedding, totalling his car in South Portland as the severe storm moved north. The trip usually takes 4 1/2 to 5 hours ended after nearly eight hours. The storm started at 10:00 a. m. in the Providence area and by evening Portland area had 6 to 8 inches.

North Paris

— Eveline Barrett, Corres. —

The first day of spring has been lovely but we had company so we stayed in. Glad the ten inch snow storm passed us by March 18. The high water has receded so now we can get set for the line storm blizzard that is due this week. Seems good to turn down the stoves and open a few doors that have been closed up for winter. Hope the sap is running good.

Eino Kangas, a former resident, has been quite ill for the past two weeks with the flu and complications. He is still confined to the house.

A special meeting of the North Paris Community Club will be held at the home of Joe and Eveline Barrett March 24 at 7 p. m. No heat at the hall yet. It is important. Please Come.

Callers at the Lawrence's were Mr. and Mrs. Dale Coffin, Jeff and Jim, Richard Andrews, Lena Kangas.

John Estes is announcing the engagement of his daughter Inez Estes Hart to Wilfred (Tom) Hart. No date has been set for the wedding.

Mr. and Mrs. "Pete" Collette who wintered in Bonita Springs, Fla., came to their home at Trap Corner this past week to pack, and move their household goods to Delaware Maryland. Their son, Peter, has sold the garage business. We are sorry to see them move for they have been at Trap Corner 49 years. Their two daughters live in Delaware.

Callers at the Barretts were Lloyd Huntley, John Estes, Beryl Oja, Doris Lawrence, Lois O'Hearon, the Stevens and "Pete" Collette delivered a studio couch Saturday.

The school children were home Monday and Tuesday due to the heavy rains. If they have to make up the storm days in June it will seem hard for them in the hot weather.

Joe and Eveline Barrett were at Dr. Houghton's Monday and had dinner at McDonald's.

There has been two unwanted dances at the Community Hall in the past ten days. Must have been pleasant with no heat.

Until next week keep smiling and keep the old snow shovel handy.

East Stoneham

— Gladys Kilgore, Corres. —

Several of the Senior Citizens from here and North Waterford went on the mini-bus to Rumford Wednesday. They attended the Senior Citizens Nutritional Dinner and found it very nice. A good time was enjoyed by all.

Mrs. Lurline Chipman of Norway visited her aunt, Mrs. Inez Barker, Sunday.

Mr. and Mrs. Dwight Grover went to Belfast Thursday and visited her mother, Mrs. Mary Reed.

Mr. and Mrs. Tinker of Ohio expect to move into their new home on Butters Hill soon. They have a family of three children.

Mr. and Mrs. Stanwood Nelson were guests to a steak supper Saturday night at the home of his daughter, Mrs. Walter Heino.

Mrs. Helen Grover has been confined to her home by illness for the past week.

Leonard Doughty has been in the hospital at Bridgton for treatment.

Mr. and Mrs. Bradley Nelson of Winslow were visitors at his home over the week end.

Mrs. Ethel Files and daughter, Mrs. Frances Grant, went to Norway shopping Thursday.

The Bookmobile was in town Monday.

It seems nice to see crows once more, and pussy willows.

TIPS ON HEALTH—NATURALLY

Steve Garbarini, D. C.

Of all the so-called triumphs of the pharmaceutical industry, the "headache remedy" is the most dangerous to life and health.

This is not to say that headache remedies are harmful poisons, although our government at times had to prohibit distribution of certain types for that reason.

The real trouble is that the less toxic and the more apparently "effective" a headache remedy is, the more dangerous it becomes. A headache remedy overthrows or suppresses a mere symptom, while the trouble causing that symptom remains and worsens, often until a serious condition develops.

Pain of any sort is the alarm bell which nature uses, like a fire alarm, to signal "trouble". Stopping the ringing of a fire alarm does not put out the fire; rather it permits a small blaze to grow into a holocaust.

Some headaches have simple explanations, such as those of the "morning after" an evening of overindulgence in food or drink. This type usually passes as soon as its cause has been relieved.

Any other headache particularly if chronic or recurring, is a warning signal which will send any careful person to his doctor.

Intermediate causes of headache are many. They may include digestive, eliminative, kidney and heart troubles, eye trouble (chiefly eyestrain), dental problems, infected tonsils, nerve pressure from spinal conditions and sometimes, though very rarely, brain trouble itself.

In women, disorders of the generative tract often are the cause of headaches.

Certain activities and professions may cause unusual stress on the neck. Athletes, mechanics, housewives, office workers, people who work with their hands, farmers and others who must twist or maintain unnatural positions for any length of time at their work are especially susceptible to cervical nerve irritation.

In no condition will the headache naturally be eliminated until the intermediate cause has been determined — and the condition which caused it has been corrected.

The Selectmen met Tuesday morning, March 15. The meeting had been scheduled for Monday, but was postponed because of high water. Mr. and Mrs. Richard Williamson, met with the board to discuss the acreage on some of their property. Edmund Seeley was reappointed as C. E. P. Director. Frank Lowell was appointed Code Enforcement Officer and Building Inspector. The Selectmen voted to apply Federal Revenue Funds toward Highway appropriations, to reduce the amount necessary to raise by taxation. This would reduce local appropriations from taxation to near the 1976 figure. W. Stanley Hale was appointed to the Board of Appeals for a three year term, Romeo Baker for a two year term and Robert T. Davis for one year.

Philip Korhonen, Bryce Yates, and John Wright have been appointed as a committee to work with the Selectmen and road commissioner to study the purchase of a new Highway Department Truck. A special town meeting will be called later to present the findings and to see if the Town will vote to buy a truck to replace the 1966 Chevrolet 4 x 4. Money to purchase the truck would be available from the money to be refunded to the town by the State this year, under the Tree Growth Tax Law. This refund should amount to \$17,755, for loss for the 1975 and 1976 tax years. David Fleet, and James Sysko have been named to the Planning Board for three years, Barbara Yates, Robert Lowell and Paul Wright for two years and Gregory Fraser and Eleanor Morton, one year.

The veto by Gov. Longley of legislation to repeal the law requiring motorcycleists to wear protective helmets has been nullified by the Legislature. The Governor's objection was overridden by both branches. As a result, 90 days after the legislature adjourns, motorcycleists will have a choice of wearing the helmet or not.

A bill that would allow state education officials to force northern Oxford County towns to support a regional vocational education program was sent back for more committee work. The current legislation that has been proposed would grant power to the Commissioner of Education to withhold state education aid from school districts which refused to appropriate funds for state mandated programs.

Gov. Longley signed into law a bill raising the legal drinking age in Maine to 20 effective 90 days after the legislature adjourns. Student groups have pledged to initiate a petition drive to seek a referendum on the issue.

There appears to be considerable opposition to a bill that would curb unemployment benefits and require the jobless worker to accept any available employment which would pay more than their unemployment benefits. Another piece of legislation would reduce by six weeks the length of time unemployment benefits would be available.

Regarding the uniform property tax, eight bills will be heard Wednesday at the Civic Center, proposing revisions.

Assessors' Notice

TO THE TAXPAYERS OF THE TOWN OF BETHEL:

You are hereby notified that the Assessors of Bethel will be in session at the Town Office on

Monday, April 4, 1977

From 10 A. M. to 5 P. M.

for the purpose of receiving true and perfect lists of all property, both Real and Personal, owned by you on the first day of April, 1977, subject to Taxation under the laws of the State of Maine.

And you are hereby notified that failing to bring in such lists bars you from any appeal or any consideration on the part of the Assessors or the County Commissioners.

Blanks for filing returns may be had on application.

EXEMPTION—VETERANS & WIDOWS OF VETERANS

Veterans who reach the age of 62 on or before April 1, 1977, or a veteran who is receiving a pension or compensation from the U. S. Government for total disability must apply to the assessors prior to April 1, 1977 for his or her exemption for the taxable year 1977.

Any veteran or veteran's widow or minor child of a veteran who is entitled to an exemption under the tax exemption law and who has not previously applied must do so before April 1, 1977 for the taxable year 1977.

Proof of service and disability must be shown when exemption is applied for.

An otherwise eligible person who neglects to comply with the requirement forfeits such exemption benefits as he might have had for the current year. Except as specifically provided in the case of an unmarried widow or minor child of a widow.

The 107th Legislature enacted legislation changing the amount of exemption to Veterans and Widows of Veterans, to be applied to the valuation of their property from a flat \$3,500 to \$4,000 adjusted by the ratio of assessment in the municipality.

(Bethel Emergency Ambulance & Rescue Service)

Item I: The BEARS monthly meeting was held Sunday, March 20 at the fire station at 7 p. m. with 20 in attendance. Pres. Florence Merrill conducted the brief business meeting. Sec. Muriel Whitney, reported on the last two meetings. Lyn Myers asked for the groups ideas for future BEARS columns. Two E. M. M's from Andover shared ideas for improving service between Andover and Bethel.

Item II: Once again the BEARS dedicated the column to a very special lady on the force—ON-THE-SPOT MARY MYERS. The Myers have one of the four receiving stations for emergency calls in Bethel. Whether she is officially on duty or not doesn't make any difference to Mary. A call comes in and within seconds (it seems), she is opening the fire station door with the ambulance ready to go before anyone else gets there. Plus the fact that she helps the attendants (especially the rookies) find the locations that can't be found on any map! Mary Myers is certainly an asset to this community. A personal thanks from each of us is one way to show our appreciation.

Item III: Safety Tip for the Week: When calling for the ambulance (924-2450) please help us as well as yourself and your patient by following these simple suggestions:

1. Count to ten, then dial the number.
2. Give location—be accurate and specify landmarks, apt. number, color of house, etc.
3. Give name, age, and condition of patient.
4. Have someone outside or a car parked on road with flashers on, or a flare lit. Precious time can be wasted if we can't find you.

Please cut this out and place in obvious location.

THANK YOU

Many thanks to Gould Academy for the donation of Bingham Hall for the Queen Coronation Program the evening of March 5, to Bob Davis and crew for additional snow removal to facilitate parking on Church Street, and to the Gem Shop for their contribution.

A CENTURY AGO

— From the Oxford Democrat —

There was not any snow or rain in this town from Jan'y 17th to Feb'y 17th. It was an unprecedented drouth, and many wells failed, and the brooks and small streams became dry.

Tuesday evening, Dr. N. T. True gave his popular lecture on the "History of Language" in the Congregational Vestry to an appreciative audience. Every town in the State should avail themselves of the privilege of hearing it. The doctor corrects the old idea, that our English Language is derived mainly from the Latin, and that from the Greek, and that again from the Hebrew, and shows conclusively that these languages have one common parentage. The lecture is not only full of interest but is exceedingly instructive.

The temperance club held their anniversary yesterday, but as the editor of the Democrat was present, I leave it for him to report.

Woodbury, Furlington & Co. have just put in 1,000 bushels of corn.

The Republicans of this town had a grand inauguration dress ball at the Bethel House last Monday evening. About 75 couples were present, and a good time was had. Dixfield Band furnished the music for the occasion.

Elder Martin of Augusta occupied the pulpit of the Methodist Church last Sabbath afternoon. He had a large audience.

Mr. Eber Clough shipped some over 12,000 bushels of potatoes to the Boston market since last fall. Mr. C. intends to rebuild his starch factory which was burned last year.

The spring term of Gould's Academy opened on Tuesday of last week with 65 scholars the first day. Mr. Fiske comes highly recommended. A large attendance is anticipated, as additions are being made every day.

There was a large attendance at the Sabbath School concert in the Methodist Church Sunday evening, February 25th. The children had been trained in rehearsals by Mrs. Center and Miss Lizzie Mason, and sung finely.

Horatio R. Goodwin, Esq., proprietor of Lake House, Upton, recently offered C. T. Bartlett of this town \$6,000 for his farm but was refused.

Frank Needham has opened an eating saloon on Maine Street, in front of the post office.

We learn the only son of the late Dr. Roberts of Rumford is just alive at the house of James Roberts, Esq., of Hanover, with consumption, this being the third son who has died with the disease.

We are pleased to learn that the wife of Benjamin Stevens, who has been dangerously sick with lung fever, is recovering.

March 20, 1877:
Andover — Mr. E. E. Merrill celebrated the inauguration of Hayes and Wheeler by illuminating his house from garret to cellar. Mr. M. has several relatives in town who are true disciples of Tilden and reform; but it seems they have not reformed Mr. Merrill and several others in town by preaching the Tilden gospel. The Post Office still remains in its old place, and probably will during the next four years.

March 27, 1877
Our town is pretty much given over to the making of postmasters just now, no less than three different candidates being in the field, with more or less support, and the circulation of petitions in favor of the different candidates is the business of the hour. The republicans have two distinct party candidates, Mr. C. I. Kimball and Mr. S. R. Shehan, and Mr. G. R. Wiley, is the non-partisan candidate. A good representation

of the people endorse Mr. Wiley, and republicans, Peter Cooper men and democrats have all signed his petition—making his prospects of success fair at least—if the administration continues its policy of allotting honors on account of competency, rather than for partisan services. The true inwardness of the contest presents some amusing features and perhaps we may entertain you with a recital after the smoke has cleared away a little.

In the report of Dr. True's lecture on the History of the Language, in your issue of the 13th, your correspondent make the Dr. say that the commonly received opinions in regard to derivations of language, are all swept away and that in regard particularly to the English, Latin, Greek and Hebrew languages, he finds one common parentage. The position is not tenable, and it hardly seems possible that Dr. True could so have represented it. Didn't your correspondent mistake what the Dr. did say? Or if he maintains the position, won't he give those of us, not so fortunate as to have heard the lecture, a synopsis of the argument that shows such a conclusion.

West Bethel — The Reform Club of this place is still alive, and last Sabbath evening had one of the best public meetings ever held here. Although but few of the brothers were out, the meeting will be long remembered by those present. After the meeting was called to order by President Walker, Bro. Swift was called on, President of the Auburn Reform Club. He gave us a description of his past life, twelve years of sin and sorrow, one year of joy. Then Brown of Mason was called on and we listened with interest to the cheering words he gave us. Then the speeches made by these men Tuesday evening the ladies of the W. B. Aid Society gave us a rare treat in the way of a lecture. The meeting was called to order by Mrs. President Morrow, and after music by the choir Hon. G. H. Brown of Mason was introduced and delivered an excellent discourse. Well may the ladies be pleased to introduce such a lecturer as Mr. Brown. We would give much to have the address in print.

SMITH - ROSEBERRY

Miss Linda Ann Roseberry, daughter of Mr. and Mrs. Asa Sessions Andover, became the bride of Dale Smith, East Bethel, son of Mr. and Mrs. Lewis Smith, in a double ring service performed by the Rev. David Wuori at the home of her parents on March 5. Attending the couple were friends, Mr. and Mrs. John Coolidge, East Bethel.

The bride wore the traditional styled full length wedding gown of white satin trimmed with lace and pearls at the neckline. She carried a bouquet of mixed color roses while her attendant, Mrs. Coolidge, wore a full length gown of green cotton print and held a single pink rose.

The cake was made by a friend in Bethel.

HINES - SANTOS

Mrs. Marie Santos, Bridgewater, Mass., became the bride of Robert Hines, also of Bridgewater, Mass., son of Mr. and Mrs. James Hines, East Andover, on Feb. 26, 1977. The couple were married at the parsonage using the single ring service.

The bride wore a street length gown of medium blue and carried a bouquet of red and white roses. Her attendant, her sister, Polly Dumis, wore a full length gown of light blue and also held a bouquet of roses.

James Bradley Hines, Rumford, was the attendant for his younger brother. The reception was held immediately following the ceremony with a catered dinner.

Mr. and Mrs. James Hines, parents of the groom, Mr. and Mrs. Bradley Hines and son, Thomas, Rumford, attended the wedding. In the wedding party were Robert N. Hines and Lynn Marie, children of the groom, and the Misses Joyce and Sherin Santos of Brockton, Mass., daughters of the bride.
